A Summary of Inter University and University - Institute Collaborations at HEIs in Odisha (as on Nov., 2018)

Collaborative Research, Joint Degrees, Exchange programs, Knowledge partnerships with Industry etc have become the life blood of modern higher education system. Today, Mega Science projects with multiple nation participation is a common practice to solve major fundamental or applied research issues. In this context, the present compilation (as provided by the respective HEIs) reflects few of the collaborative programs through MOUs and Academic Associations, being executed by various departments and centres of the HEIs of Odisha. Though the list is by no means exhaustive and lacks exact academic details of individual collaboration, it indicates the sense of activities being undertaken on this important aspect. The future thrust would be to proactively work on both research and industry knowledge partnerships for better opportunity to students. Another important aspect, that needs to be stressed would be university community linkages through partnerships with Government and NGOs. Though some of our universities and institutions (CUTM for example) are working in these areas, they need to be further emphasized.

1. Berhampur University, Berhampur :

- (1) National Institute of Rural Development and Panchayatiraj, Hyderabad
- (2) Institute of Asian and Oriental Studies at the University of Tubingen, Germany
- (3) Aarhus University, Denmark
- (4) Abomey-Calavi University of the Republic of Benin
- (5) University of Groningen, The Netherlands
- (6) WALSH College, Michigan, USA
- (7) IIT, Bombay, Mumbai
- (8) Zoological Survey of India, Kolkata
- (9) Hambrug University of Applied Science, Germany
- (10) Institute of Mathematics and Applications, Bhubaneswar
- (11) Odisha State Open University, Sambalpur

2. Birla Global University, Bhubaneswar :

- (1) University of Ljubljana, Slovenia, Europe
- (2) ESSCA School of Management, France for International faculty and Student Exchange Programmes
